

I am writing in regards to LPFM and the impact this decision would have upon K-LOVE stations.

If the decision to implement LPFM will impact the way and capability for K-LOVE to broadcast, I ask and urge that you reconsider. K-LOVE is an intergral part of our community. Not only does it provide positive and encouraging music and words, but it is perhaps the only true safe station for the entire family to listen without concern for what sensitive ears may hear.

K-LOVE provides our community with local information such as events that serve our communities. Churches and other non-profit organizations rely upon K-LOVE broadcasting to send out the message on community events that help to strengthen the backbones of our communities. In a time where our world seems to be falling apart, K-LOVE helps to bring a sense of peace and calm to millions.

I ask that you look around you and acknowledge the wave of change in regards to morals and values. We now live in a time where the 10 Commandments are desired to be displayed in public places. People are pushing for school prayer. Major sporting events start off with prayer. Please - - - come visit our schools where grass roots organizations led by children pray at lunch and circle our schools to pray for good things.

I look to the FCC to help make our world a better place. For too long government operations have stood in the way of improving our society. Please.....do the right thing and prevent LPFM from impacting stations like 106.7 and the entire K-LOVE family.

Regards,
Phil Kurtiak
